

Product information sheet Quatrus U700

Item no. **237366**

Benefits

This sink is perfect for homeowners or designers looking for a sleek, durable, and highly functional kitchen sink with a clean, architectural aesthetic.

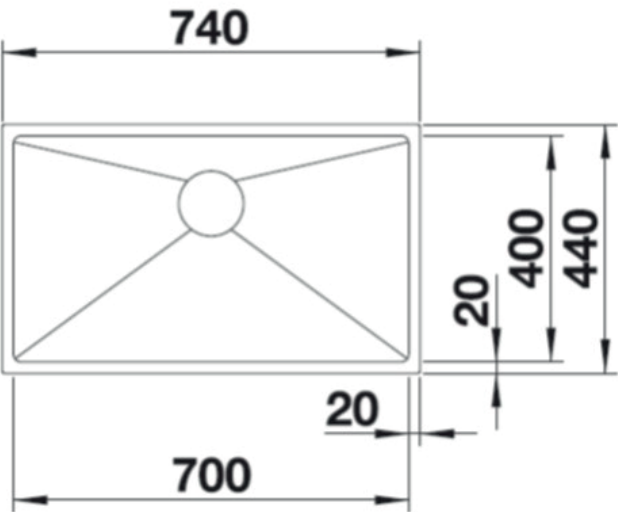

Key Features

- Durable & Long-lasting: Heat, rust, and stain-resistant stainless steel ensures reliable performance and a long service life
- Modern Design: Clean lines and a spacious single-bowl layout make it ideal for contemporary kitchens
- Hygienic & Easy to Clean: Gently rounded corners (15 mm radius) help prevent buildup and allow easy maintenance
- Maximized Cabinet Space: Rear-positioned drain optimizes storage space underneath the sink
- Elegant Finish: Brushed satin finish resists water marks and adds a refined, professional look to your kitchen

Planning information

- Installation Type: Undermount
- Overall Sink Dimensions: 700 mm (W) x 400 mm (D)
- Bowl Dimensions (inner): approx. 660 mm x 360 mm
- Bowl Depth: 190 mm
- Minimum Cabinet Size Required: 800 mm
- Corner Radius: R15 – tight radius for sleek look and easy cleaning
- Drain Position: Rear drain for improved under-sink cabinet space
- Overflow: Not included (common for undermount stainless steel sinks)
- Tap Hole: None – faucet installed separately on countertop or wall
- Waste Outlet: 3½" (standard basket strainer compatible)
- Installation Notes:
 - *Must be professionally undermounted into solid surface or stone countertops.
 - *Ensure sufficient support for the sink's weight and accessories.
